### HSCCV Club Permit Register Form

Under the VicRoads Club Permit Scheme, the club is required to keep a register of all members cars along with photographs. Please fill out your details on the form attached.

It is a requirement of VicRoads that we have date stamped photographs of your car. The easiest way to do this is to download **Photo Stamper** (or similar) from the app store for your mobile device (available for Apple and Android users), Dated photographs must include images of the front, driver's side, rear, driving position (side on with driver's door open) and, where possible, any identifiers such as chassis number and engine number.

What App store icon Photo Stamper (Google / Android) looks like:

Below is an example of how your photos should look for VicRoads requirements:

Upon completion, this form and all photographs can be emailed to
